

At CM Leveraged Solutions (CMLS), we help companies find the right levers to boost sales through digital marketing. We focus on raising customer intimacy by identifying strong marketing trends, by equipping marketing with lead automation tools, and by enabling sales with Salesforce.com.

Business Consulting

We have over a decade of experience migrating data to Salesforce.com and implementing analytics.

Salesforce

We have administered Salesforce implementations over the past decade including sales processes, collaborative forecasting, and campaign reporting!

Pardot and Marketing Cloud

We have helped over 150 companies significantly increase customer engagement with marketing automation!
